

Pre-Treatment Plants for CBN- and Diamond-Electro-Plating

VBA 4-750

Pre-Treatment Plant for steel bodies
4 process tanks
2 standing sink tanks
1 spray stream rinsing station
Degreasing control ES 400 A
Activation control AS 300 A
Nickel-Strike control NS 300 A
max. work piece Ø: 750 mm

VBA 4-500

Pre-Treatment Plant for steel bodies
4 process tanks
2 standing sink tanks
1 spray stream rinsing station
Degreasing control ES 300 A
Activation control AS 200 A
Nickel-Strike control NS 200 A
max. work piece Ø: 500 mm

VBA 4-451

Pre-Treatment Plant for steel bodies
4 process tanks
1 spray stream rinsing station
Degreasing control ES 100 A
(Activation + Nickel-Strike with anode/cathode rails)
max. work piece Ø: 450 mm

VBA 5-350/AI

Pre-Treatment Plant for aluminium bodies
5 process tanks
2 standing sink tanks
1 spray stream rinsing station
Heating control HS
Nickel-Strike control NS
max. work piece Ø: 350 mm
